

CAP Safety Committee

July 14, 2023

Minutes

Attendees:

Lynette Deaver, Children's Institute
Stacey Dowden, Milestone
Keith Barnhart, Emmaus
Tamara Caldwell, Family Links
Keara Vance, Wesley Family Services
Peggy Willison, Merakey
Casey Monaghan, TCV

General Discussion:

1. Welcomed newest member to the group Lynette Deaver. Discussed numerous topics with leading one being how providers have used or not used security and differing roles of support from personnel or contracted services with a question of armed vs. unarmed. The group is looking forward to helping Lynette answer questions and gather information for their overall safety program.
2. Survey results were reviewed in depth with an eye toward preparing a report out for the general meeting in September.
3. Data from the survey is strongly pointing toward a desire by providers to have increased support regarding violence in the workplace and more specifically violence in community based settings as well as drilling. The committee is requesting further discussion to take place with Wesley Family Services to provide an overview of their successful and comprehensive program that ties directly into this data grounded need, hopefully looking to an October date for that. The committee is very appreciative of this offer from Wesley.

Next Meeting: August 11th, 9AM via Teams.
