

Safety Program Informational Overview

 Date & Time:

21 June, 2024
10:00 AM - 11:30 AM

 Location:

Virtual Zoom

 Presenters:

Shayna Sokol and Keara Vance from WFS
will be providing CAP members with an overview of
their safety program.

Safety Program Overview:

- Internal Risk Assessments to identify gaps and opportunities related to organizational safety.
- Tools and resources for safety including active threat training, go bags, and resource guidelines/manuals.
- Drills and learning opportunities, including where and how these are stored for better staff access and utilization.
- Cooperation and coordination of safety tasks and resources between our certified committee, agency governance, and security teams.
